### NATI-1113. Beginning Maliseet/Passamaquoddy I

This course is designed for students who are new to the Maliseet/Passamaquoddy language. It covers basic grammar and vocabulary.

### NATI-1123. Beginning Maliseet/Passamaquoddy II

This course continues the study of Maliseet/Passamaquoddy from NATI-1113. It focuses on more complex sentence structures and cultural context. NATI-1113

### NATI-1133. Maliseet/Passamaquoddy for Early Childhood

This course is specifically designed for early childhood educators. It provides practical language skills for classroom use. NATI-1113

### NATI-1143. Maliseet/Passamaquoddy for the Pre-School Classroom

This course focuses on applying Maliseet/Passamaquoddy in a pre-school setting. NATI-1133.

### NATI-2103. Intermediate Mi'kmaq

This course is for students with some prior knowledge of Mi'kmaq. It covers intermediate grammar and vocabulary.

and the role of the state in the development of the nation-state. **N 2503**

### **NATI-3503. Advanced Research Strategies in Native Studies**

This course provides an overview of the current research in Native Studies, including the role of the state in the development of the nation-state. **N 2503**

### **NATI-3603. Native People and the Colonial Experience**

This course provides an overview of the current research in Native Studies, including the role of the state in the development of the nation-state. **N 100**

### **NATI-3613. Native Resistance and Liberation**

This course provides an overview of the current research in Native Studies, including the role of the state in the development of the nation-state. **N 3 03**

### **NATI-3623. Native Education and Colonization**

This course provides an overview of the current research in Native Studies, including the role of the state in the development of the nation-state. **N 3 03**

### **NATI-3633. Maliseet/Passamaquoddy History**

This course provides an overview of the current research in Native Studies, including the role of the state in the development of the nation-state. **N 100**

**NATI-3843. Suicide and Indigenous Peoples**

This course examines the historical and contemporary issues surrounding suicide among Indigenous peoples. It explores the cultural, social, and psychological factors that contribute to suicide risk, as well as the impact of colonization and residential schools. The course also discusses current research and interventions aimed at reducing suicide rates and promoting mental health among Indigenous communities.

**NATI-3853. Alcohol, Drugs, and Indigenous Peoples**

This course explores the complex relationship between alcohol and drugs and Indigenous peoples. It examines the historical context of substance use, including the impact of residential schools and the legacy of alcohol prohibition. The course also discusses the social and cultural factors that influence substance use patterns and the role of community and family in addressing these issues. Current research and interventions are also discussed.

**NATI-3863. Indian Public Health**

This course provides an overview of the public health issues facing Indigenous peoples. It examines the historical and contemporary challenges, including the impact of residential schools, the legacy of alcohol prohibition, and the current health disparities. The course also discusses the role of community and family in addressing these issues and the importance of culturally appropriate public health interventions.

**NATI-3873. Introduction to Indigenous/Cultural Psychology**

This course introduces students to the field of Indigenous/Cultural Psychology. It explores the historical and contemporary issues surrounding the study of Indigenous psychology, including the impact of colonization and the legacy of residential schools. The course also discusses the role of community and family in addressing these issues and the importance of culturally appropriate psychological interventions.

**NATI-3903. Native Peoples and the Law: Theory**

This course explores the theoretical issues surrounding the law and Indigenous peoples. It examines the historical and contemporary challenges, including the impact of residential schools and the legacy of alcohol prohibition. The course also discusses the role of community and family in addressing these issues and the importance of culturally appropriate legal interventions. **231** **LN**

**NATI-3913. Native Peoples and the Law: Practice**

This course explores the practical issues surrounding the law and Indigenous peoples. It examines the historical and contemporary challenges, including the impact of residential schools and the legacy of alcohol prohibition.

### **NATI-3463. Immersion for Kindergarten**

This course is designed to provide a comprehensive overview of the immersion process for young children. It covers the theoretical foundations, practical applications, and challenges of immersion in the kindergarten setting. Topics include: selection of materials, classroom management, and assessment. This course is a prerequisite for NATI-4123. A maximum of 15 credit hours may be earned in this program.

### **NATI-4133. Accelerated Methods for Teaching the Target Language in Core Programs (Immersion)**

This course is designed to provide a comprehensive overview of the immersion process for young children. It covers the theoretical foundations, practical applications, and challenges of immersion in the kindergarten setting. Topics include: selection of materials, classroom management, and assessment. This course is a prerequisite for NATI-4123. A maximum of 15 credit hours may be earned in this program.

### **NATI-4143. Methods in Immersion Teaching I**

This course is designed to provide a comprehensive overview of the immersion process for young children. It covers the theoretical foundations, practical applications, and challenges of immersion in the kindergarten setting. Topics include: selection of materials, classroom management, and assessment. This course is a prerequisite for NATI-4123. A maximum of 15 credit hours may be earned in this program.

### **NATI-4173. Methods in Immersion Teaching II**

This course is designed to provide a comprehensive overview of the immersion process for young children. It covers the theoretical foundations, practical applications, and challenges of immersion in the kindergarten setting. Topics include: selection of materials, classroom management, and assessment. This course is a prerequisite for NATI-4123. A maximum of 15 credit hours may be earned in this program.

### **NATI-4153. Curriculum Planning for the Immersion Classroom**

This course is designed to provide a comprehensive overview of the immersion process for young children. It covers the theoretical foundations, practical applications, and challenges of immersion in the kindergarten setting. Topics include: selection of materials, classroom management, and assessment. This course is a prerequisite for NATI-4123. A maximum of 15 credit hours may be earned in this program.

## Linguistics Courses

**NATI-3113. Conversational Maliseet/Passamaquoddy**

This course is designed to provide students with a practical understanding of the Maliseet/Passamaquoddy language through conversational practice. The course covers basic grammar, vocabulary, and pronunciation, with a focus on everyday communication. Prerequisites: NATI-2113.

**NATI-4006. Structure of Native Languages**

This course explores the structural features of various Native languages, including syntax, morphology, and semantics. Students will analyze the grammatical structures of different languages and compare them to those of other languages. Prerequisites: NATI-2113.
