283.

Medieval Studies

18 credit hours, drawing on at least two different disciplines from the following list: 1

INTR-4003. Interdisciplinary Honours Workshop

This workshop is designed to provide students with a hands-on experience of interdisciplinary research. It will focus on the development of research proposals and the integration of different disciplines into a cohesive research project. The workshop will be held over a period of two weeks, with a mix of lectures, seminars, and practical exercises. The final output of the workshop will be a research proposal that is ready to be submitted for funding.

INTR-4016. Interdisciplinary Honours Thesis

This thesis is a culmination of the interdisciplinary research conducted during the workshop. It will focus on the development of a research proposal and the integration of different disciplines into a cohesive research project. The thesis will be supervised by a faculty member with expertise in the relevant disciplines. The final output of the thesis will be a research proposal that is ready to be submitted for funding.
